

LMS

Smarter trainings.
Stronger teams.

Centralize learning,
automate progress,
and make growth
simple.

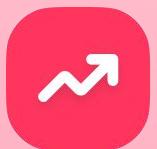

Improve efficiency creating content

Bring all your learning content together. Build, customize, and manage everything seamlessly in Factorial.

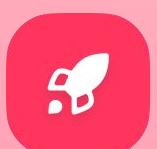

Reduce compliance costs

Automate mandatory trainings, lower admin work, and minimize the risk of non-compliance penalties.

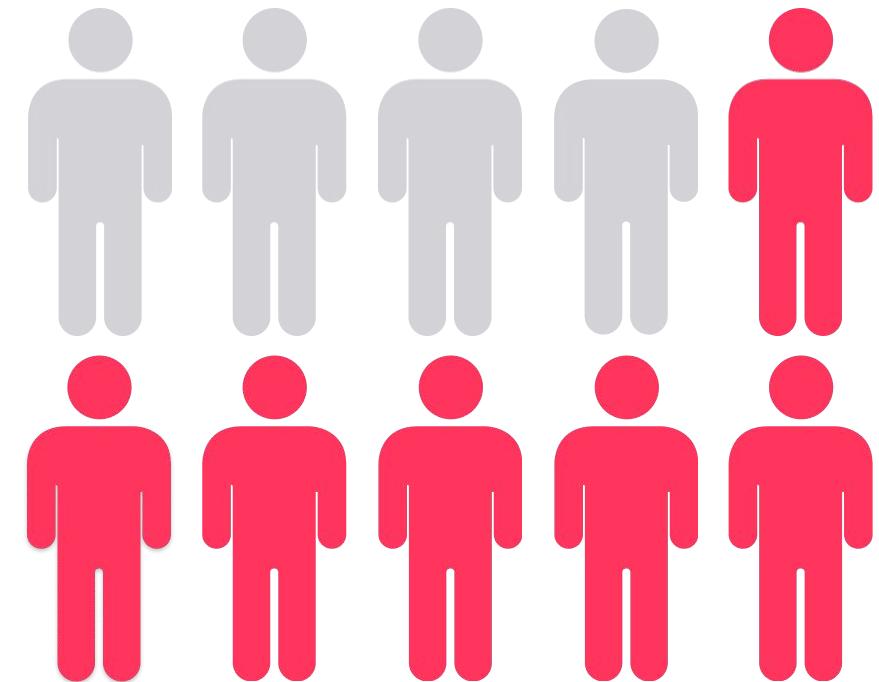

Boost learner engagement

Deliver interactive experiences that keep employees motivated, focused, and learning longer.

Automate training progress

No more spreadsheets or manual tracking. Factorial keeps progress updated for you, effortlessly.

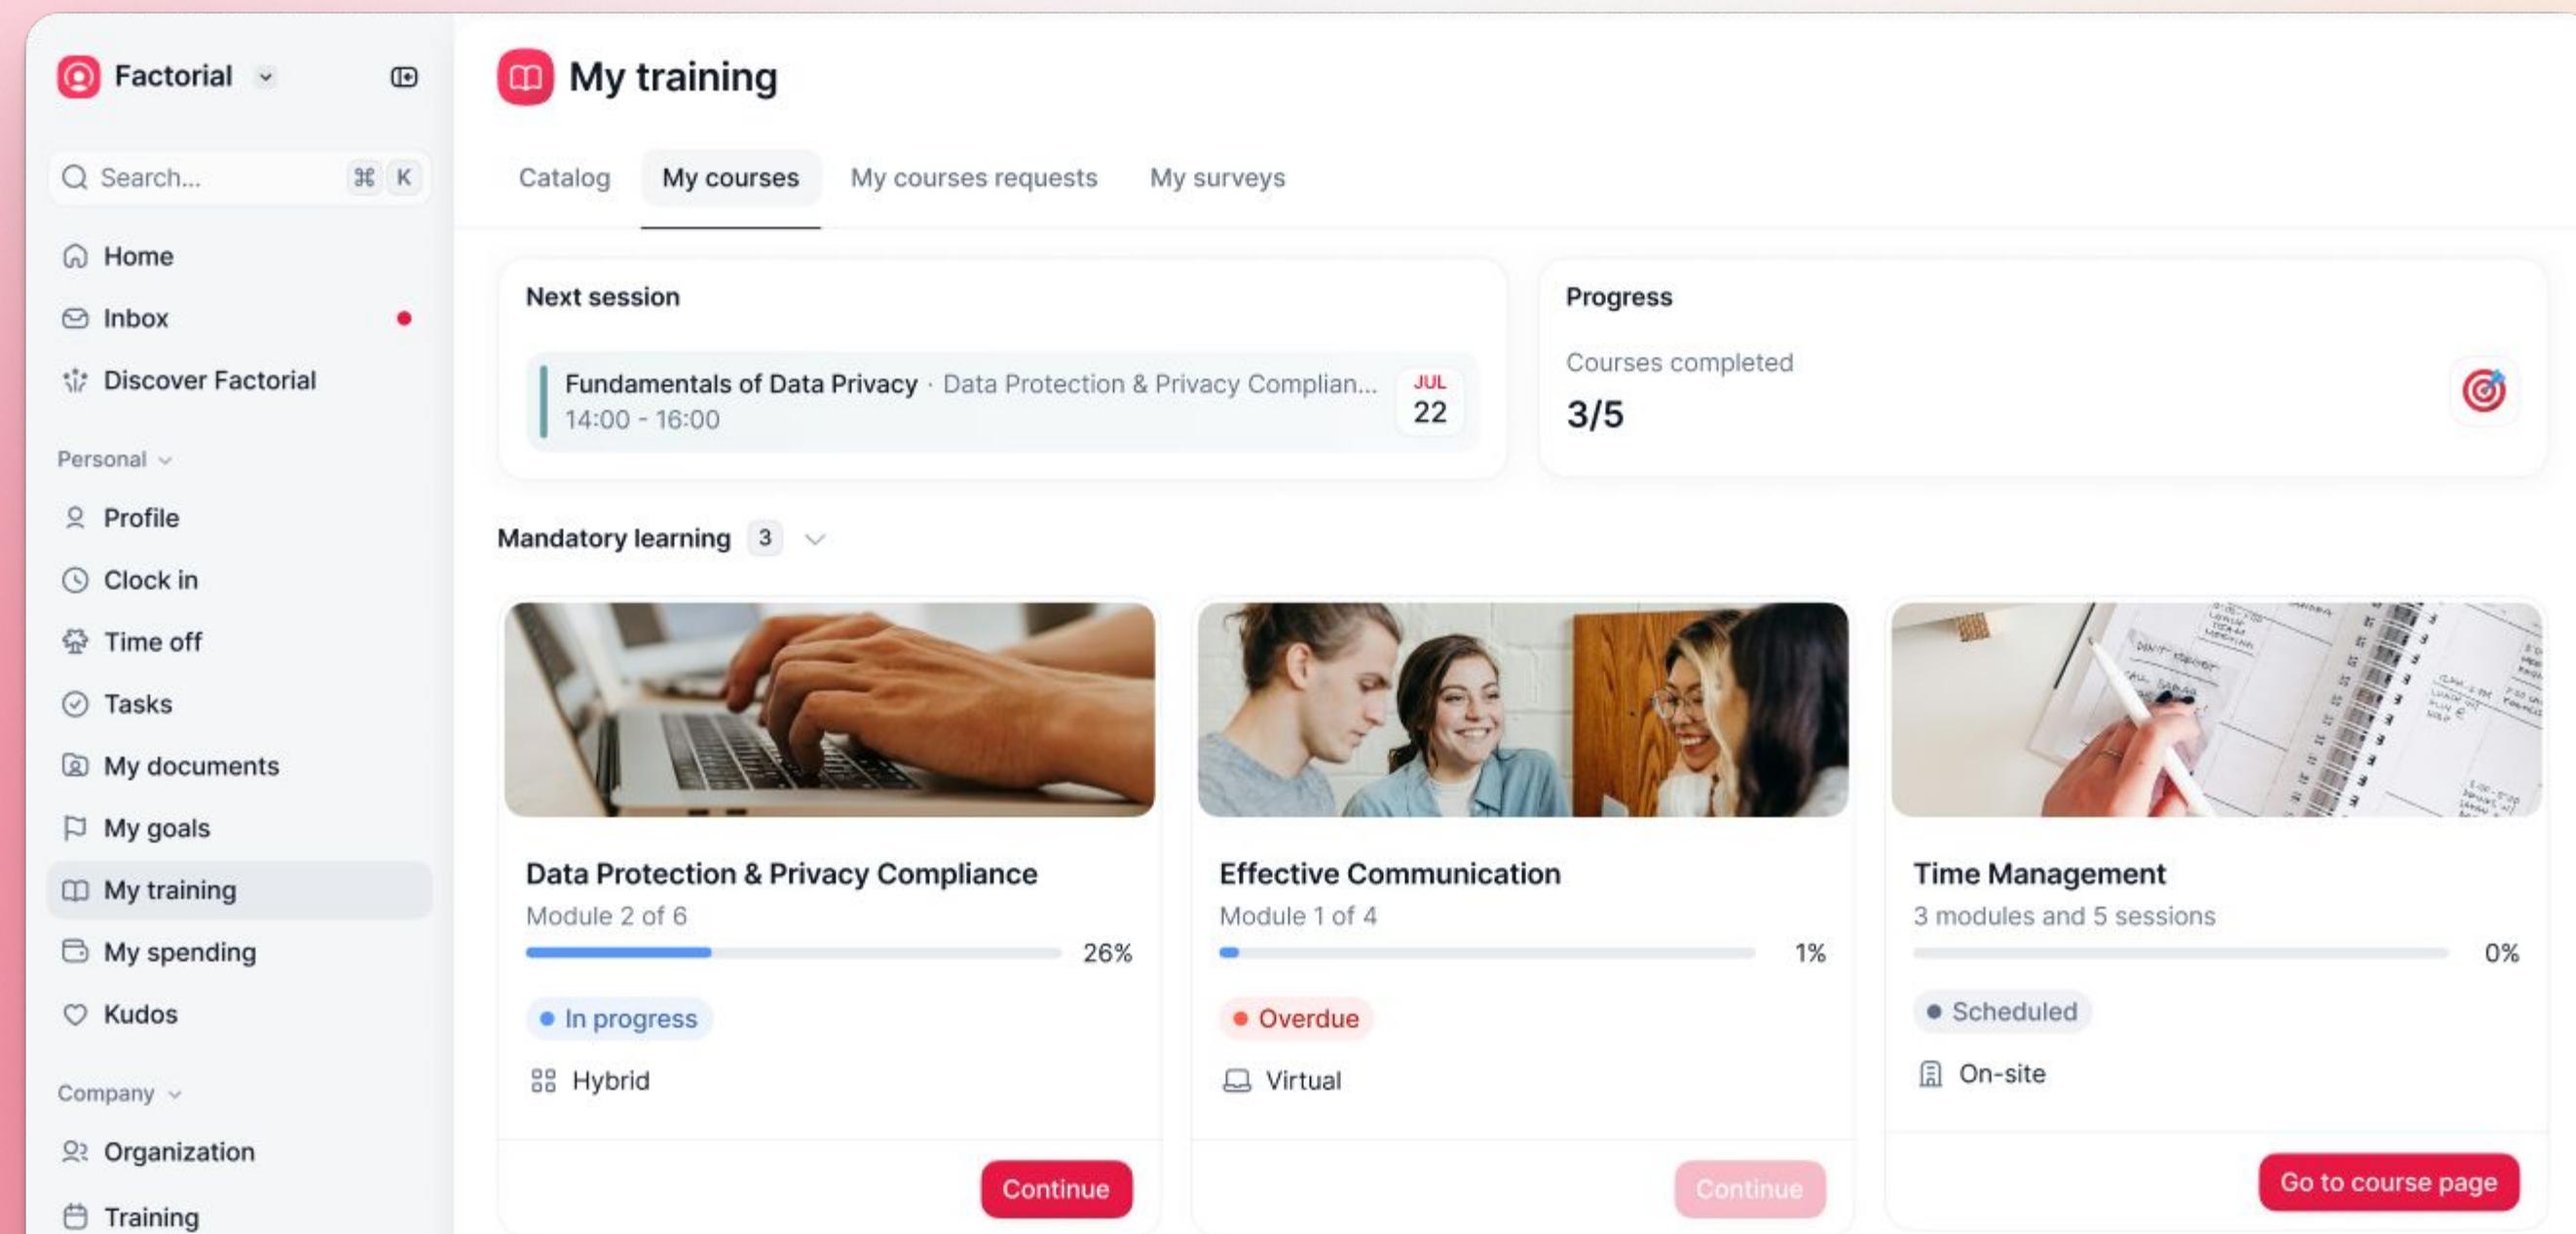

6 in 10 learners

forget content
within a week if it
isn't engaging.

Learning your teams will love

Create and track interactive courses that engage teams, centralize content, and automate progress. Making training simpler and smarter.

► What does our LMS includes?

Course creation

Build engaging experiences

Design learning paths with videos, quizzes, tests, surveys, and more — all in one intuitive platform. No external tools or complex setups required.

Create learning people actually remember.

The screenshot shows a user interface for an LMS. At the top, there is a navigation bar with icons for Training, Courses, and Data Protection & Privacy Compliance. The main content area is titled 'Content' and lists two main sections: '1. Legal and Regulatory F...' and '2. Core Principles of Data...'. Under '1. Legal and Regulatory F...', there are several sub-items with checkmarks: 'GDPR, CCPA, and oth...', 'How many workplace...', 'Industry-specific reg...', 'ePrivacy Directive', 'EU regulations', and 'European bank proce...'. Under '2. Core Principles of Data...', there are: 'Lawfulness, fairness,...', 'Purpose limitation, da...', 'What is Data Protecti...', 'Transparency of Data...', and 'Quick check: Module 3'. Below the content list is a 'Knowledge test' section. To the right of the content list, there is a video player titled 'What is Data Protection?' showing a woman smiling at a computer screen. The video player has a play button and a progress bar. At the bottom of the interface, there is a progress bar indicating 'Progress 99%'.

Auto-progress tracking

Let automation do the work

Courses automatically track progress and completion, saving hours of manual admin while ensuring accurate data.

Save hours. Keep training on track.

AI course generation

Create content at AI speed

Just describe what you need, and Factorial's AI generates structured courses — from onboarding to compliance — in minutes.

Data Protection & Privacy Compliance

Draft | Duration 03/05/2025 - 21/05/2025 | Total duration 16h30m

+ New content

First steps into the Data protection & Privacy Compliance

Hi One! I'd like to start creating content for the Data protection & Privacy training.

Sounds good! How would you like to generate your content?

- Create with AI** — I'll help you write new content from scratch.
- Use my file** — Upload a file, and I'll generate content based on it.

Just choose the option that works best for you!

► What does our LMS includes?

Certificates & diplomas

Celebrate progress

Automatically generate certificates and diplomas for completed courses, giving visible recognition and fostering a culture of learning.

Make learning visible. Recognize progress.

Differences between Training and LMS

Training

Upload external materials only (PDF, slides, links). Content is created outside Factorial.

Participants download files and follow materials on their own.

Manual completion tracking based on attendance.

Basic catalog and limited "My Trainings" interface.

LMS

Build interactive courses with modules, videos, text, images, and quizzes.

Participants complete the full course inside Factorial. Interactive and engaging learning paths.

Automated, customizable tracking based on content completion, attendance, quizzes, or a mix of rules.

Redesigned catalog and learner experience. Intuitive and user-friendly for both admins and participants.

Upgrade from tracking trainings to delivering real learning.

Learning that powers your business

Structured learning for **every stage** of the **employee journey** — improving skills, performance, and business outcomes.

Compliance

Deliver mandatory trainings and keep full control of tracking and certifications.

Onboarding

Standardize new hire training to ensure fast, consistent ramp-ups.

Upskilling

Build skill-building programs that drive growth and retention.

Performance

Link learning to business and team goals with clear visibility into progress.

Trusted by leading companies

... and more than 14.000 customers
